Intelligent AI-Powered CRM Platform

At ESC, we blend technological expertise with over 20 years of student recruitment experience to develop innovative tools that streamline the recruitment process. One of our most advanced and interactive tools is the ESC CRM software, an AI-powered platform designed to enhance efficiency and effectiveness in managing student applications.

- Student Profile Assessment: Efficiently evaluate and categorize profiles with backend support and knowledge base.
- Application Status Tracking: Real-time updates on applications from submission to student reaching study destination.
- Centralized Data Storage: Securely store all student information, documents, and communication centrally.
- Visa Processing, Scholarships & Internships: Track student applications, scholarship status, visa procedures, and more.
- Notifications and Reminders: Automated alerts for deadlines, document submissions, and follow-ups.
- University/Program Browser: Search and filter options to find best-fit programs and universities.
- Experienced Backend Support Team: Dedicated support team for admissions, visas, scholarships, marketing, training, operations, finance, and more.

With its advanced features and user-friendly interface ESC CRM software makes your day-to-day operations smooth and hassle-free. Embrace this intelligent, AI-powered tool to manage your student applications efficiently and elevate your recruitment success

Partner with ESC:

Elevate Your Student Recruitment Success

Browse University/Program Options

The expert team at ESC conducts a thorough evaluation of each student profile and develops a list of possible university & program options by comparing all available study pathways. This ensures that you offer the best and most suitable choices for your students.

Consultation & Discussion

Agencies can connect with the team to discuss suggested options, potential applications, and student profiles. Submit inquiries and seek expert guidance before applying to make informed decisions and maximize student success.

Apply via CRM

Once study options are confirmed, agencies can apply via the ESC CRM platform. Update students' academic information, upload necessary documents, and keep all correspondence in one centralized location for a streamlined student recruitment experience.

Effective Communication

Stay connected with our admissions and support team online and offline through your preferred communication channels. Enjoy seamless coordination and support throughout the entire application process.

Application to University

ESC ensures all applications are complete and eligible before submission. In certain cases, discussions with university personnel may be involved. ESC handles any application fees and invoices them back to the agent, providing proof of payment wherever needed.

Visa & TRP Support

After receiving an acceptance offer, ESC assists agencies in resolving any issues or requirements that may arise. Our team's expertise in working with consulates and embassies worldwide helps agencies process Visas/TRPs for any country efficiently.

Application Tracking

Track the progress of student applications at every stage. Receive timely notifications and reminders, ensuring you are always aware of upcoming tasks and deadlines for each student application.

Additional Support Services

ESC offers comprehensive support beyond application processing and visas. Agencies receive guidance on scholarships, accommodation, internships, post-landing assistance, documentation, and more, ensuring a complete service package for students.

Training & Continuous Support

Benefit from regular training on universities and recruitment procedures provided by university representatives and global experts. Stay updated and enhance your recruitment strategies with continuous support from ESC.

Promotional Assistance

Generate high-quality leads for your business with ESC's promotional assistance. We believe in delivering a complete solution to meet all your student recruitment needs, helping you grow your business effectively.

Complete 360° Service

ESC offers everything you need under one umbrella. Whether you are a freelance consultant, agent, or entrepreneur, you will find every service, information, and technology necessary to elevate your business model to the next level.
