SLOVAKIA

Info@europestudycentre.com | +919072575127

Slovakia has been a member state of the European Union since 2004. It is located in the heart of Europe, with the Danube River on the West-South and with the border to Ukraine in the East.

Modern technologies are being applied not only in the car industry, but also for example in the production of audio-visual home appliances. New companies are started every day, new objects or city landmarks emerge, life conditions are improving, thus making Slovakia a land of opportunities for the potential students.
