

Studying in Coimbra

Coimbra Polytechnic is located in the central coast of Portugal, in Coimbra city, known as the “Students’ city”. It is one of the ten largest Portuguese Higher Education Institutions and it comprises six teaching schools which offer an incredibly diverse field of study, from education and fine arts, business administration, communication and information science, tourism, agricultural sciences, to health technology and engineering.

The quality teaching, the narrow connection with companies and the internationalization are central pillars in the acquired skills of the programs, which assure the success in the graduates’ careers of the Coimbra Polytechnic.

This year the Coimbra Polytechnic opens in english the following programs:

Bachelor's Degree

- Biological Engineering
- Agricultural and Animal Production Engineering
- Biomedical Engineering
- Biotechnology
- Business Management
- Civil Engineering
- Electrical Engineering
- Environmental Technology and Management
- European Computer Science Engineering
- Food Technology
- Forest Sciences and Natural Resources
- Industrial Engineering and Management
- Informatics Engineering
- Organic Farming
- Tourism

Master's Degree

- Applied Informatics
- Biological and Chemical Processes
- Biomedical Instrumentation
- Biotechnology
- Building Services Engineering
- Business Management
- Civil Engineering
- Electrical Engineering
- Environmental Management
- Food Engineering
- Forest Resources
- Human Computer Interaction
- Industrial Engineering and Management
- Informatics and Systems Master
- Management Control
- Marketing and Communication
- Mechanical Engineering
- Nuclear Sciences Applied to Health
- Organic Farming
- Sustainable Transportation and Electrical Power Systems
- Tourism
